

# About us

Dizcount payments

www.dizcount.in

Presenting you the future of utility bill payments. Enjoy a better payment experience, make every rupee count.

Today, digital payment platforms are the next big thing. They are here to stay and make the Indian payment system digital.

We at **Dizcount**, which is a make in India initiative have vowed to take the digitization of our everyday payments further in the future. Now, with the internet on everyone's phones, your online payment platform shall be accessible to you 24\*7 all round the year.

Founded in the year 2025, where we commenced operations as a utility payments platform. We have been ever expanding, growing and including every service a common man like us needs (or) has for their home. Managing a home ain't a simple task. **Dizcount** aims to create a platform where every home can be managed at the tip of your fingertips. No more time wasting, because every second of a day counts.
